

Snakademy

Learn to play or improve you playing with Snake.

The brand new Snake Davis online saxophone tuition course is now available. For a sensible fee of only £15 a month (no minimum term) subscribers can access lessons, handy tips, music files and much more.

Accessible 24/7 Snakademy is suitable from absolute beginners to seasoned professionals, teaching you how to improve and hone your skills at your own pace, in your own time and space, wherever you are in the world (so long as you have an internet connection). You can re-watch videos as many times as you like during your subscription period. There is no long term tie in - you can even subscribe for just one month, with easy online cancelation. The course can be used alongside regular taught classes, band practice or as a stand alone learning tool. Pick and choose what you want to learn - no formal structure that you have to wade your way through (though Snake does advise you to follow certain lessons to help with your technique and discourage bad learning habits).

We'll bring you question and answer sessions, lessons on breath control, improvisation, sax hygiene, practice routines, growling, timing, your role in a band and so much more. New lessons are regularly added, individual questions answered and there's even a chance to attend the occasional livestreams or zoom class with Snake to enhance your learning.

Snake Davis Events

A note about all future gigs.....

Hopefully we're all back to the way things were before covid but we're much more aware that things could change very rapidly. The information in this brochure is correct to the best of our ability at the time of going to press. Please check with the venue before booking to confirm that all details remain the same.

Not really "Sold Out" A lot of venues sell tickets online and they may appear as sold out. We have found that there are occasionally tickets available last minute. Please contact the venue directly for information about last minute tickets and waiting lists for returns.
